Claim Chart for U.S. Patent No. 10,097,796
COMMUNICATION AND MONITORING SYSTEM

Claims 3 and 7

The SimpliSafe Video Doorbell Pro and all other similar devices provided by SimpliSafe (collectively, the “Doorbell Pro”) infringes at least the claims charted below of United States Patent No. 10,097,796 (the “’796 Patent”), entitled “Communication and Monitoring System,” under 35 U.S.C. § 271(a), either literally or under the doctrine of equivalents. In addition, SimpliSafe indirectly infringes the ‘796 Patent under sections 271(b) and/or 271(c) by instructing, directing, and/or enabling others, including its customers, purchasers, users and developers, alone, or in combination to use the SimpliSafe Doorbell Pro and/or perform all or some of the steps recited in the claims of the ‘796 patent, either literally or under the doctrine of equivalents, and by providing a material or apparatus for use in a patented process, when such material or apparatus is especially adapted for use in the infringement of the ‘796 patent, and is not a staple article or commodity of commerce suitable for substantial non-infringing use.

U.S. Pat. No. 10,097,796	Video Doorbell Pro
[3.1] A system for receiving a person at an entrance comprising:	To the extent the preamble is limiting, the Doorbell Pro is a system for receiving a person at an entrance.
